PRIYANSHI VANKAR

Data Science Student · GSFC University, Vadodara, India
+91 84888 99489 · 25sc06031@gsfcuniversity.ac.in · LinkedIn · Portfolio · Vadodara, Gujarat, India

Detail-oriented Data Science undergraduate with hands-on experience in data analysis, research documentation, cloud computing and applied ML fundamentals. Comfortable collaborating in cross-functional settings and quick to pick up new tools and methods. Seeking the Technical Associate role at GUIITAR Council to support prototyping, workshops and documentation.

ACADEMIC PERFORMANCE

B.Sc. Data Science | GSFC University Jun 2025 – Aug 2029 · Vadodara, India

- **CGPA:** 8 CGPA in 1st Year
- **Coursework:** Data Structures & Algorithms, Statistics, Python Programming, Cybersecurity Fundamentals, Machine Learning Basics, SQL
- **Python for Data Science** — NPTEL, IIT Madras (Jan–Apr 2026)

KEY ACHIEVEMENTS

- Head Graphic Designer of the Photography Club, GSFC University (Aug 2026 – Present).
- Edited 18 student articles and designed the cover and layouts for **Science View Issue 15**, the GSFC student science magazine.
- Prepared an idea submission for **Smart India Hackathon 2026** (problem statement SIH26056 – AIRINDEX).
- Led data-driven research in the **Solar Energy Optimization Project** to identify efficiency patterns for renewable energy systems.
- Completed Cyber Security and Data Labeling certifications (Deloitte, 2026), Cybersecurity Analyst Job Simulation (Tata Group via Forage) and Campus Ambassador Certificate (IIT Gandhinagar).

KEY INVOLVEMENT

Summer Intern (Innovation & Research) | GUIITAR Council, GSFC University Jun 2026 – Jul 2026 · Vadodara, India

- Gained exposure to innovation management, startup incubation and applied research in a university-incubated sustainability startup.
- Contributed to technology-driven projects through data collection, analysis and documentation; collaborated with mentors and multidisciplinary teams on design-thinking and UI/UX prototyping.

Cloud Computing Intern | EWB Edutech Private Limited Sep 2026 – Present · Remote

- Building foundational skills in cloud computing, cloud services and cloud infrastructure.

Junior Human Resources Manager (Intern) | InAmigos Foundation Jul 2026 – Present · Remote

- Support recruitment activities, HR documentation and reporting using spreadsheets and digital tracking tools.

Head Graphic Designer | Photography Club, GSFC University Aug 2026 – Present · Vadodara, India

- Lead graphic design for student services and online graphics.

Campus Ambassador | IIT Bombay Present · Vadodara, India

- Representing IIT Bombay at GSFC University and coordinating outreach to the student community.

Data Science Intern | CodeAlpha Apr 2026 – May 2026 · Remote

- Worked on applied data science tasks: data cleaning, analysis and model workflows.

Content Writer (Intern) | InAmigos Foundation Apr 2026 · Remote

- Wrote content for projects aimed at creating impact on society.

Campus Ambassador | IIT Gandhinagar Jan 2026 – Mar 2026 · Vadodara, India

- Liaison between IIT Gandhinagar and the GSFC University student community, coordinating outreach.

Designer | GSFC University Jan 2026 – Present · On-site

- Graphic design work for the university using Adobe Photoshop and InDesign; contributed to the university annual report.

Other Involvement

- **Science View** (student science magazine): contributor and production work.
- **VGRC:** volunteered with event management.
- **Entrepreneurial initiative:** run an Instagram-based clothing and jewelry reselling business.

PROJECTS

- **Attendance Management System** (GSFC University, Academic) — Automated attendance tracking with data integrity checks and a user-friendly admin interface.
- **Greenwashing Detection & Recycling Solution** (In Progress, Academic) — Investigating misleading eco-friendly claims in the recycling industry; building a data-backed verification framework.

SKILL SET

Programming: Python, C, C++, HTML, Front-End & Back-End Development
Data Science & ML: Data Analysis, Statistical Modeling, ML Fundamentals, NumPy, Pandas, Scikit-learn, Research Skills
Tools & Cloud: Microsoft Excel, Power BI, SQL, Cloud Computing, Cloud Services, Internet of Things (IoT)
Cybersecurity: Threat Detection, Network Security, Data Labeling for AI/ML, Cybersecurity Frameworks
Design & Writing: Graphic Design, Adobe Photoshop, Adobe InDesign, UI/UX Prototyping, Creative Writing

OTHER DETAILS

- **Workshop attended:** 3D Printing and Laser Cutting.
- **Certifications:** Cyber Security – Deloitte (Jan–Oct 2026); Data Labeling – Deloitte (Jan–Jun 2026); Cybersecurity Analyst Job Simulation – Tata Group via Forage (Nov 2024); Campus Ambassador – IIT Gandhinagar (Jan–Mar 2026).
- **Languages:** English (Professional), Hindi (Native), Gujarati (Native).
