10. Event Details:

GSFC University, GUITAR Council, Students Startup Innovation Policy (SSIP 2.0), Startup Gujarat Cell and Institution's Innovation Council organized a workshop on "Entrepreneurship Skill, Attitude and Behaviour Development" on 27th Feb, 2023 at Auditorium, School of Technology, GSFC University, Vadodara. The workshop was coordinated by Dr. Abha Kalaiya, SoM Start-up Coordinator, GSFC University.

This workshop aimed to spark the entrepreneurial spirit in the students by guiding them on how to convert their Innovative Ideas and emerge as successful Entrepreneurs. Becoming an entrepreneur is an important career decision, and to plunge into this domain requires the right skill set, attitude, and behavior.

Mr. Kirankumar Parmar, Sr. Manager, GUITAR Council welcomed the invited speaker Mr. Chandramauli Pathak, International Entrepreneurship Expert and introduced to the participants. He has more than 40 years of experience in entrepreneurship and SME development with various target groups like Tribal, Women, Physically Challenged, Widows and unemployed rural youth. He has worked and assisted more than 1 lack of entrepreneurs.

Mr. Chandramauli Pathak invited students to use non-verbal skills to explain his/her skill to their partners and explained how difficult it was. He asked students to draw a picture/symbol/chart/graph of an Entrepreneur. Then he asked students to identify what is common and different in the pictures and discussed them in a group. He invited students to explain what he/she thinks about Entrepreneur and discussed entrepreneur's characteristic such as risk-taking ability,

He invited two groups, one who are interested to become an entrepreneur and one who don't interested to become an entrepreneur in front to the stage and started the debate. He moderated the debate and concluded to think about becoming an entrepreneur.

He said Entrepreneurship is opportunity driven not resource constrained. He discussed the anatomy of an Entrepreneur such as the Brain – Keep learning, Eyes-Seeking opportunities, Mouth-Communicating the vision, Ears-Listening yourself and your customers, Stomach – Responding to negative feedback and failures, Legs – Physical health, Nose – The smell of success, Heart – Passion, Hands – Openness and transparency and Feet – Working with a team and keeping your feet grounded.

He showed the five photos and asked the participant who will become Entrepreneur. Further, he narrated Black Balloon Story. There was a man who made his living selling balloons at a beach. The balloon seller used to sell balloons of many different colors, including red, yellow, blue, orange, pink, violet and green. Whenever the business used to get slow, he had a wonderful strategy to boost his sales. What the balloon seller used to do is to release a helium-filled balloon into the air. When the children saw the colorful balloon go up, they all wanted one. One day, when his balloon sales were low, he adopted the same strategy. He released a helium-filled blue colored balloon into the air. As expected, the balloon man felt someone tugging at his jacket. He turned around and found a little boy smiling at him. The innocent little boy looked towards helium-filled balloon into the air and asked with curiosity, "If you release a black balloon, will that also fly?" Moved by the cute little boy's concern, the balloon man replied gently, "My dear son, it is not the color of the balloon, it is what's inside that makes it go up." The moral of the story is if you have a positive attitude and optimistic approach toward life, you will definitely achieve your goals and get success in life.

He showed a video of "Rebirth of the Eagle - A Motivational Story" to understand what is vision. He explained Behavioural Entrepreneurial competencies such as Initiative, Goal Setting, Risk Assessment, Opportunity scanning, Persistence, Information seeking, Systematic planning, Self-confidence, Commitment to work, Concern for quality, Persuasion, Influencing strategies and Creative Problem-solving.

He shared three words Education, Entrainment and Technology with the participants and asked them to come up with new ideas.

He instructed students to close their eyes and envision their future on February 27, 2028 and concluded the workshop.

In the end, Mr. Kirankumar Parmar proposed a vote of thanks to the august gathering.

11. Learning outcomes of the event:

This workshop provides insights into entrepreneurship and helps the participants to imbibe the skills needed to understand the concept of innovation in business.
