10. Event Details:

GSFC University, GUITAR Council, Students Startup Innovation Policy (SSIP 2.0), Startup Gujarat Cell, and Institution's Innovation Council organized an Idea Junction Launching Event on 2nd August, 2023, at the Cultural Center, GSFC Township. This launching event aimed to motivate the students to participate in the Business Plan Competition.

Dr. Sanjukta Bose Goswami, Assistant Professor of Chemical Engineering at SOT, moderated the session. Students welcomed several distinguished guests including Shri. P. K. Taneja, IAS (Retd.), Chairman of GUITAR Council & President of GSFC University; Shri. Ravin Sanghavi, Angel Investor, Funding Facilitator, and Startup Mentor; Shri. Bhavesh Chelani, Founder & MD of Santushti and Dessertino; Shri. Dhaval Nai, Founder of Prahantam Private Limited; Dr. Pujan Vaishnav, VP (R&D) at GSFC Ltd.; Mr. Bimal Bhiyani, Advisor & Professor of Practice at GSFCU; and Dr. Saurabh Shah, Dean of the School of Technology at GSFCU.

Dr. Sanjukta Bose Goswami invited Dr. Saurabh Shah to deliver the welcome address during the launching event.

Dr. Saurabh Shah extended a warm welcome to Shri. P. K. Taneja, IAS (Retd.), Chairman of GUITAR Council and President of GSFC University, as well as to all the dignitaries and senior management of GSFCU, along with all the participants. Dr. Shah provided a brief overview of the GUITAR Council at GSFC University and highlighted the university's startup ecosystem.

Dr. Sanjukta Bose Goswami invited Shri. P. K. Taneja, IAS (Retd.), Chairman of GUITAR Council and President of GSFC University, to launch the IDEA Junction event by raising the curtain, and she invited him to address the audience.

Shri. P. K. Taneja, IAS (Retd.), Chairman of GUITAR Council and President of GSFC University, shared his views on the IDEA Junction event and inspired the students to embrace agility and dynamism, encouraging them to explore novel ideas for the betterment of society. He introduced the concept of learning from the 'break and join' method, encapsulated in the term TOD-FOD-JOD. He also delved into the theme of 'Young India' urging the youth to engage in nation-building through community service.

Furthermore, he discussed the concept of the 'broken window,' emphasizing the value of accepting challenges to foster holistic development. He emphasized the importance of discipline and maintaining a clean and orderly environment to foster a positive learning atmosphere.

Dr. Sanjukta Bose Goswami shared a brief profile of Shri. Bhavesh Chelani, Founder & MD of Santushti and Dessertino. Mr. Chelani shared the detailed journey of his startup and discussed the challenges he faced throughout his entrepreneurial path. He emphasized the importance of risk-taking and a critical thinking approach when embarking on a new venture. He motivated the students to maintain composure in every situation and to proactively seek solutions to overcome challenges, which, in turn, leads to the success of each startup. He also advised validating each approach without becoming excessively emotionally invested, and he highlighted the significance of studying every minute detail while focusing on problem-solving rather than solely aiming to earn money from the business.

During the session, a student asked question to Mr. Chelani about how to select suitable partners for a business. In response, Mr. Chelani advised aspiring entrepreneurs to focus on growing their business to a point where it becomes highly attractive, leading to a natural inclination for people to want to be associated with it. Another student inquired about the international expansion of Santushti and Dessertino. In response, Mr. Chelani shared his

R&D strategy and encouraged the students to explore every avenue in order to solve problems.

The next speaker, Shri. Ravin Sanghavi, an Angel Investor, Funding Facilitator, and Startup Mentor, discussed how to select investable ideas. He emphasized the importance of 'Survive, Sustain, and Grow,' highlighting these three terms as crucial parameters for idea selection. According to Mr. Sanghavi, the fundamental pillars of investable ideas encompass Product-Market Fit, Market Strategy, Team, and Financial Aspects. As such, every entrepreneur should consider these parameters before embarking on any startup venture. For the validation of idea quality, cost, and delivery (QCD), these factors play an essential role. Therefore, entrepreneurs should prioritize field surveys and gather feedback from their target customers to ensure success.

The next speaker, Shri. Dhaval Nai, Founder of Prahantam Private Limited, shared his startup journey and experience with Shark Tank. He motivated the students to dream big and pursue their passions. Additionally, he emphasized the significance of thoroughly studying problems, encouraging students to delve deep into even the minutest issues and concentrate on finding solutions. He advised the audience to think big while starting on a small scale.

Dr. Sanjukta Bose Goswami invited Dr. Saroj Shekhawat from GUITAR Council to present the details of the Idea Junction Event. Dr. Shekhawat shared comprehensive information about the event and acquainted the students with the facilities available at the GUITAR Council. She provided guidance to the students on forming teams to participate in the Business Plan Competition and selecting a problem/idea. She also outlined the timeline and various rounds of the competition. The competition offers a first prize of Rs. 25,000/-, a second prize of Rs. 20,000/-, and a third prize of Rs. 15,000/-. Furthermore, selected ideas have the potential to receive funding from the SSIP2.0 for PoC/Prototype development.

At the conclusion, Mr. Kirankumar Parmar, Sr. Manager of GUITAR Council, extended a vote of thanks to the august gathering and the management of GSFC University. The event concluded with a musical performance followed by the National Anthem.

11. Learning outcomes of the event:

- Students have learned about the importance of risk-taking, critical thinking approaches, and problem-solving skills when initiating new ventures.
- Students comprehend the concepts of Product-Market Fit, market strategy, team dynamics, and financial aspects for selecting viable ideas.

- Students recognize that validating ideas primarily hinges on factors like quality, cost, and delivery (QCD), compelling entrepreneurs to prioritize field surveys and feedback from target customers.
- Students have gained confidence in nurturing ideas, inspired by Mr. Dhaval Nai's startup journey with the Tea Glass Washing Machine.
- Students have acquired the knowledge to initiate the ideation stage and commence on a small scale.
