8. **Major discussions in the event:**

GSFC University celebrated **National Technology Day 2026** on 5th May 2026 through the Tinkering & Mentoring (VACC 201) Exhibition, showcasing the innovative projects, Proof of Concepts (PoCs), prototypes, business models, and technology-driven solutions developed by second-semester students at the end of the academic semester.

The exhibition witnessed enthusiastic participation from **850+** students representing the School of Technology, School of Science, and School of Management & Entrepreneurship, who presented their innovations through **135+** teams. The event demonstrated students' creativity, technical knowledge, problem-solving ability, and entrepreneurial thinking while addressing real-world challenges.

The exhibition was mentored **by 100+ faculty members**, while **35+ faculty members** served as **jury members** to evaluate the projects based on innovation, feasibility, technical implementation, societal impact, and presentation. **Three winning teams from each school** were selected and awarded cash prizes sponsored by GUIITAR Council in recognition of their outstanding performance. The winning teams are listed in **Annexure I**.

The exhibition provided an effective platform for experiential learning, enabling students to apply classroom knowledge to practical challenges, collaborate in multidisciplinary teams, and confidently present their innovations before faculty evaluators. The event successfully reinforced the

University's commitment to promoting technology, innovation, entrepreneurship, and outcome-based learning.

Learning Outcomes:

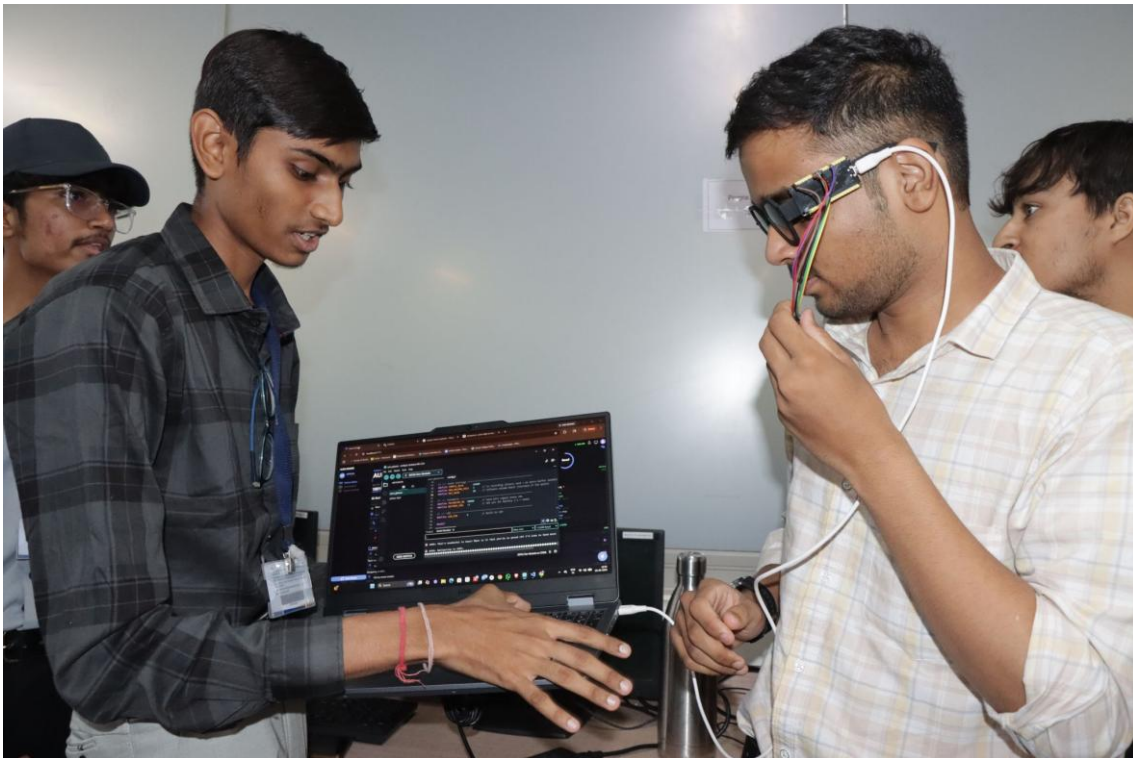

- Developed innovative solutions to real-world problems through technology and design thinking.
- Applied classroom knowledge to develop Proof of Concepts, prototypes, and business models.
- Enhanced creativity, critical thinking, and problem-solving abilities.
- Strengthened teamwork, project management, and communication skills.
- Improved technical presentation and pitching capabilities.
- Fostered innovation, entrepreneurial mindset, and technology-driven thinking.
- Increased awareness of innovation, intellectual property, and startup opportunities.
